Copy and paste your artwork in place on a new page within the document. Sample the black swatch **SPOT UV** from this template and set to overprint.

For best results . . .

Make sure to check that your UV/foil/Scodix page lines up exactly with its intended position on the original card.

Scodix **must** be placed within the safe area. For UV Inks and Foils, we **strongly reccommend** also keeping your design within the safe area for best results and to prevent any cracking or chipping.
